

Salsa And Afro Cuban Montunos For Piano

*by
Carlos Campos*

*Available in these
formats*

More on the Clave: The Son Clave is probably the most prominent clave in today's Salsa. The Rumba Clave is mostly used in folkloric forms such as Rumba, Conga de Comparsa, and Mozambique as well as in most recent Afro-Cuban styles such as Songo.

Practice Tips: All examples are written to fit both the 2-3 and 3-2 Son Clave. Use the 2-3 and 3-2 percussion tracks to practice the Montunos and Montuno & Tumbao examples in every Key. Use the cycle of fifths to accomplish that.
