SLOWLY

Sorry I never told you

All I wanted to say

And now it's too late to hold...

'Cause you've flown away, so...
far away,
Never had I imagined.
Darling, I never showed,

needed living without your smile.
assumed you'd always be there.

Feeling and knowing you heard me, it keeps
I took your presence for granted, but I

me alive,
always cared
and I miss the love we shared, And I
know you're shining down on me from heaven, like so

many friends we've lost along the way. And I

know eventually we'll be together one sweet

day.
Although the sun will never shine the same,

I'll always look to a brighter day,

Lord, I know when I lay me down to sleep,

you will always listen as I pray.

And I know you're shining down on me from
heaven, like many friends we've lost along the way. And I

know eventually we'll be together one sweet day.

And I

Sorry I never told

you all I wanted to say.
