100 YEARS AGO
ROLLING STONES

INTRO: (organ arranged for guitar)
Dm C Bb F

VERSE: Dm C Bb F
Went out walkin' through the wood the other day
Dm C Bb
And the world was a carpet laid before me
Dm C
The buds were bursting
Bb F
And the air smelled sweet and strange
Dm C F
And it seemed about a hundred years ago

VERSE:
Dm C Bb F
Mary and I, we would sit upon a gate,
Dm C Bb
Just gazin' at some dragon in the sky.
Dm C Bb F
What tender days, we had no secrets hid away,
Dm C F
Well, it seemed about a hundred years ago.

```
CHORUS:
       G                                Bb
       Now all my friends are wearing worried smiles,
        Dm             C               Bb
       Living out a dream of what they was.
       G                      Bb                          F
       Don't you think it's sometimes wise not to grow up?

VERSE:
       Went out walkin' through the wood the other day,
       Can't you see the furrows in my forehead?
       What tender days, we had no secrets hid away,
       Now it seems about a hundred years ago.

CHORUS:
       Now if you see me drinkin' bad red wine,
       Don't worry 'bout this man that you love.
       Don't you think it's sometimes wise not to grow up?

VERSE:
      Dm              C       Bb         F   Dm C     Bb
       You're gonna kiss and say good-bye, yeah, I warn you.
      Dm              C       Bb         F   Dm C     Bb
       You're gonna kiss and say good-bye, yeah, I warn you.
      Dm              C       Bb         F   Dm  C       F
       You're gonna kiss and say good-bye, oh Lord, I warn you,
             G                          Bb
       And please excuse me while I hide away.
                F
       Call me lazy bones,
                    Bb
       Ain't got no time to waste away,
        F                         Bb
       Lazy bones ain't got no time to waste away.
        G
       Don't you think, don't you think,
             Bb                          F
       It's just about time to hide away?
        Bb    F
       Yeah, yeah!

       Wah, Wah and fade out.

Running up and down the stairs.
         A
Well it seems to me that you have seen
Too much in too few years.
      E

Your eyes are edged with tears.

When you were a child you were treated kind

Your mother who neglected you

And your father's still perfecting ways
Of making ceiling wax.

    B
It only seems to make matters worse.
     E
Oh please.
```

VERSE 3:

```
You were still in school when you had that fool
```

Who really messed your mind.
And after that you turned your back
On treating people kind.
On our first trip I tried so hard

You were disarranging mine.

2000 LIGHT YEARS FROM HOME [A start]
(Jagger/Richards)

The "breaks" in this tune are, in my opinion, the coolest part of the song. I only wish I knew what they were; too much for me, especially stuck with a mere acoustic! Please, somebody, HELP!

Fm
Sun turning 'round with graceful motion
We're setting off with soft explosion
Bbm
Bound for a star with fiery oceans
Ab
It's so very lonely
Bb C Fm
You're a hundred light years from home

Freezing red deserts turn to dark
Energy here in every part
It's so very lonely
you're six hundred light years from home

[Break: Instrumental for first two verse lines, then "it's so very lonely, you're a thousand light years from home. Then the two-bars worth of music that normally ends the stanza; then repeating "it's so very lonely, you're a thousand light years from home." Back to Intro-type music.]

Bell flight fourteen you can now land
See you on Alpha (?) Boran
Safe on the green desert sand
It's so very lonely
you're two thousand light years from home

[Some music pretty much like the break, but mutating into other stuff to a beautifully messy end.]

2000 MAN [well, a start anyways. Pretty close. :-)]
(Jagger/Richards)

[I think the one line of the chorus/bridge/break/whatever ends in
a pun (sun = son), but can't be sure as I'm only listening to the
recording. Any attempt to tab this sucker certainly welcome.]

Intro: Instrumental

```
        A                    E7                A
Well my name is a number, a piece of plastic film
(A)                           E7             A
And I grow tiny flowers in my little window sill
          D                       A/Asus4
Don't you know I'm the two thousand man?
       D                             A     G  A  E7
And my kids, they just don't understand me at all
```

[same chords:]
Though my wife still respects me, I really misuse her
I am having an affair with a random computer
Don't you know I'm the two thousand man?
And my kids, they just don't understand me at all

```
     A    D  A     (A)             D  A
       Oh daddy, be proud of your planet,
     A    D  A      E7             A
       Oh mommy, be proud of your sun
     A    D   A    (A)             D   A
       Oh daddy, be proud of your planet
     A    D   A     E7             A
       Oh mommy, be proud of your sun
     D(?)
      Oh daddy, is your brain still flashing
     B7                  E7
       like it did when you were young?
     A
       Or did you come down crashing
     E7                              A
       seeing all the things you'd done?
     E7                     A
       Oh it's a big put - on

     A              D             A
       Oh daddy, be proud of your planet
```

```
    (A)            E7            A
      Oh mommy, be proud of your sun
    A              D             A
      Oh daddy, be proud of your planet
    (A)            E7            A
      Oh mommy, be proud of your sun

[Beat a bit on a power E, then play these four lines again.
Moving to D]

         D                     A/Asus4
Don't you know I'm the two thousand man?
       D                           A     G  A  E7  (hold)
And my kids, they just don't understand me at all

A  D  E7  A

           E
```

```
      And all the daughters, all the sons

                    B
      All the way down
                A

Song: Always suffering
Artist: the Rolling Stones

So, here's the next song of the "Bridges to Babylon" album of the
Rolling Stones. I named the chord E(?) because nobody can tell me what
the right name of the chord is, but it sounds right. You can hear how to
play the chords fairly easy.

Have fun !

So here it is. It's the song no. 4 on "Bridges to Babylon". It's played best on an acoustic. Just listen to it and you'll find out the rhythm. Maybe I gonna submit the tab for the second guitar. 'Till then: Have fun.

When you [F]left

I just [C]died

AS TEARS GO BY by Mick Jagger, Keith Richards and Andrew Oldham

This is my tribute to all the crazy people, who sit night upon
night and transcribe songs for all the stupid people like me,
who not be able to find the chords for all the great songs.

I added this transcription, because in this archive I did not find
a finger style to play the song. I think it's absolutely
scandalous ;-) to play the song without picking the notes.
I play this song without any septime chord. It sounds great too.
Each time I play the song, it sounds a little bit different, because
I finger with the chords around. It means, that I play all the notes that
available for the current chord. Sometimes I added a g-note on the e-string
to the D-chord [Dsus4], sometimes I played the e-note on the E-string instead of the
e-note on the D-string. Things I ever do is the bridge [Em]-[Em7]-[C] and the
finger style at the D-chord. This sounds great and if you heard it you won't miss it.
The finger style at the D-chord supports also the melody.
The chords in brackets are "only" interim chords, but it gives the song its own
character.

Try to find your own style - it is allways the
better way to play a song in your own style than to make just a (bad) copy of it.

The chords are very simple: [G] [A] [C] [D]

Here is the stuff:
The intro is the same as the verse. Play it two times!

Repeat the following part two times (of course with the correct lyrics ;-))

It's been a long time since I played this one but I think all of the A7

chords should be Aminor.

Subject: Rolling Stones - Beast Of Burden

Subject: HELP w/ Beast of Burden (stones)

Sender: news@galileo.cc.rochester.edu

I've never seen this posted - nor have I seen it in ftp.nevada...

Too make a story short, I want to play this tune in my "band" and I would

like some opinions on how other people might play it... anyway here's what

I have now:

Beast Of Burden   The Rolling Stones

```
---2-/-4--4------7---4----------5

---3-/-5--5------7---5----------5

---2-/-4--4------8---6----------6

-----------------9-------5-/-7---
```

That's the most important part of the song - the chorus is just standard straight up chords (I think) but I can't remember them at the moment.

What I need help on is that the above doesn't sound thick enough - a bit too plain. Anyone play it differently?

Also, as a method for playing in a band with one guitarist, would you just keep playing the riff over and over instead of soloing off in the song - since I can't do both at the same time, and since I am not that good, I'd think to play what the audience knows best: the above riff.

Comments and suggestions are very welcome.

Scott

Subject: Rolling Stones - Before They Make Me Run

From: Jim Henning

Subject: CorrectedTab

Here is my rough attempt at tab for a Stones classic. The songs is in

open G tuning (D G D G B D). If you want to really be Keith

Richards-esque, remove the low D string completely.

First there is the opening riff as follows:

```
D 12----12--12--12--12-----x----0------5----5--7----0----------------

B 12----12--12--13--12-----x----0------5----5--7----0----------------

G 12----12--12--12--12-----9----0------5----5--7----0----------------

D 12----12--12--14--12-----9----0------5----5--7----0----------------

G 12----12--12--12--12-----9----0------5----5--7----0----------------

D ------------------------------------------------------------------
```

While I'm at it, I'll get all of the tab out of the way first. Here is the tab for the chorus parts:

```
        After   All is     said and    done

D 12----12--12--12--12-----x----x------7-----------------------------
B 12----12--12--13--12-----x----x------7-----------------------------
G 12----12--12--12--12-----9----9------7-----------------------------
D 12----12--12--14--12-----9----9------7-----------------------------
G 12----12--12--12--12-----9----9------7-----------------------------
D ------------------------------------------------------------------

        I gotta move while it's still  fun

D 12----12--12--12--12-----x----x------7-----------------------------
B 12----12--12--13--12-----x----x------7-----------------------------
G 12----12--12--12--12-----9----9------7-----------------------------
D 12----12--12--14--12-----9----9------7-----------------------------
G 12----12--12--12--12-----9----9------7-----------------------------
D ------------------------------------------------------------------

        I   better walk  before they   make    me   run

D 12----12--12--12--12-----x----0------5-------7----0----------------
B 12----12--12--13--12-----x----0------5-------7----0----------------
G 12----12--12--12--12-----9----0------5-------7----0----------------
D 12----12--12--14--12-----9----0------5-------7----0----------------
G 12----12--12--12--12-----9----0------5-------7----0----------------
D ------------------------------------------------------------------
```

Some chords you'll need to know in open G

```
     D  G  D  G  B  D
     ---------------
G    0  0  0  0  0  0   and also  12 12 12 12 12 12
C    5  5  5  5  5  5
D    7  7  7  7  7  7
Emin x  9  9  9  x  x
F   10 10 10 10 10 10
A#   3  3  3  3  3  3
```

A common Keith chord is like you see on the fourth chording in the opening riff. It is like hammering on the same chord position you would call in standard (concert) guitar tuning for A minor augmented.
For a C position chord, the hammer on would go:

```
          D  G  D  G  B  D                        D  G  D  G  B  D
  C-chord 5  5  5  5  5  5    hammer on F-chord   5  5  7  5  6  5
```

If you can do this, you can play Start Me Up, Brown Sugar, etc. etc. etc...

Better Walk Before They Make Me Run

by Jagger/Richards

(opening riff)

```
F          Emin     D          F        Emin       D
Worked the bars and sideshows along the twighlight zone
G
Only a crowd can make you feel so alone
G
And it really hit home
F         Emin      D               F          Emin D
Booze and pills and powders, you can choose your medicine
G                                          D
Well here's another goodbye to another good friend
```

(use chorus tab)

After all is said and done
I better move while it's still fun
I better walk before they make me run

Watched the taillights fading, there ain't a dry eye in the house
They're laughing and singing
Started dancing and drifting as I left town
Gonna find my way to heaven, `cause I did my time in hell
I wasn't looking too good but I was feeling real well

After all is said and done

I better move I had my fun

I better walk before they make me run

(bridge) G - D - F - C - A#

G - D - F - C - A#

G - D - F - C - D

After all is said and done

I better move, it's still fun

I better walk before they make me

I better walk before they make me

I better walk before they make me run

BLINDED BY RAINBOWS (off The Woodoo Lounge album)

Sorry about the question marks, I really couldn't figure out the words!

                      D
did you ever feel the knife,
                         C
tearing flesh that's oh so soft?

                       Em     C
Did you ever touch the night,
                       Em    C
did you ever count the cost,

put down paradise as lost?

Yeah, you're blinded by rainbows,
 G           D    C
watching the wind blow,

blinded by rainbows,
       Em
do you dream at night,
do you sleep at night,

do you ever hear the screams,
                      C
as the limbs are all torn off?

                      G
Did you ever kiss the child,
                    C
who just saw his father shot,
                     D
do you ever shed a tear,

is it just another job(?),
                       Em    C/G
do you feel the final hours
                      D
put down paradise as lost?

             G          D  C
Hey, you're blinded by rainbows,

and faces in windows,
 G          D  C
blinded by rainbows,

                  Em         C
Do you ever fear the night,
            Em               C
could it be the war is lost
                 Em          C/G
do you fear the final hour,
            D
do you near before the cross?

        G          D  C
You're blinded by rainbows,
 G            D    C
watching the wind blow,
 G          D  C
```

```
blinded by rainbows,
        Em
do you dream at night,
do you scream at night,
       C
do you smell the fear,
is your conscience clear,
       Em
do you kick(?) and sweat,
and your clothes are wet,
       C
do you see the light,
is the end in sight,
        Em
see the face of Christ,
and the paradise,
C
I doubt it...

Enjoy the song!

BROWN SUGAR INTRO

There have been a few requests on the net for more "Stones stuff".

I presume that means "Keith Richard". I would like to contribute

with an attempt on the Brown Sugar Intro. In previous letters

tabulatures were presented with more complex fingering - without

retuning the instrument. The following is more straightforward.

N.B. Open-G tuning is requiered. Through away your lower-D string

if you are perticular about sounding like Keith does. X, Y, Z are the

10th, 11th an 12th position. In hex that would be A, B, C but confusing

to use.

"Brown Sugar" - by the Rolling Stones

A friend of mine just showed me this recently. I love it :)
Chords only, though... lyrics should be easy from the recording,
and for any lead you're on your own... I don't "do" lead :)

(Note: I'm not filling in chords that were already diagramed,
I'm doing this on the fly and it takes too long!)

Main part:

```
e---x---x-------8---x-------4-------6----------
b---8---9-------8--10-------4-------6----------
g---8---8-------9--10-------5-------7----------
d---8---8------10--10-------6-------8----------
a---6---6------10---8-------6-------8----------
E---x---x-------8---x-------4-------6----------
   D#  D#?  D# B#  E#  B#  G#  D#  A#  E#  B#
```

Where "Brown Sugar" lyrics come in:

```
e---3------
b---3------
g---4------
d---5------
a---5------
E---3------
    G   B#
```

That's about the whole song... The strumming is a little strange;
listen to the album. More Stones stuff, please! (If anyone has it!)

CORRECTED VERSION: 1.A

IMPORTANT!! Use open G tuning -DGDGBD- that Keith uses on many Stones songs, e.g., Honky Tonk Woman, I Go Wild, etc. Drop the high E string to D, Drop the A string to G, and drop the low E string to D.

The song is pretty easy to play once you get the tuning and the basic chord and rythym patterns down.

Notes in parentheses are optional, but add a deeper, bluesy flavor, especially when slightly bent.

At the end, when Mick is singing, "Yeah, yeah, yeah, . . . woo!" go back and forth between G (open) and C (5th fret bar). (If you've gotten this far, you will figure it out.)

I'm tabbing from memory, but I think this should at least get you close. Feel free to send comments/suggestions.

CAN'T YOU HEAR ME KNOKCING
THE ROLLING STONES
Sticky Fingers

This song is divided in two parts, the first one is the rythm (by Keith) and the other is the solo (by Mick Taylor).
The first part is in G tuning (DGDGBD) and the other is in standard tuning.
You should play the rythmic with a DoublePickup on a Telecaster (Custom) with the neck pickup.
For the solo, it's a heavy LesPaul sound with sustain, played on the neck pickup too.
For both sections, a valve amp is required...

So here it is...

b(1t): bend of one tone
^v^v^v^v^v^v: vibrato
s: slide
po: pull off
h: hammer on

by the Rolling Stones
from the album "Their Satanic Majesties Requests"
transcribed by David Goodwin

NOTE: This is an EXCEEDINGLY simple song, as far as chords go...

```
E     A     D     E
E      A          D        E
Men in arms shout who goes there
E      A          D        E
We have journeyed far from here
E      A          D        E
Armed with bibles make us swear
E         Dsus2  G        D        A
Candy and Cathy, hope you both are well
E           Dsus2  G      D    A     B
Please come see me in the Citadel
```

This repeats for the entire song...told ya it was easy...^_^

Additionally Lyrics (thanks to www.lyrics.ch)

Flags are flying dollar bills
>From the heights of concrete hills
You can see the pinnacles

Candy and Cathy, hope you both are well
Please come see me in the Citadel

In the streets of many walls
Hear the peasants come and crawl
You can hear their numbers called

Candy and Cathy, hope you both are well
Please come see me in the Citadel

Screaming people fly so fast
In their shiny metal cars
Through the woods of steel and glass

Candy and Cathy, hope you both are well
Please come see me in the Citadel
Oh well

DANDELION
(Jagger/Richards)

I don't know how to label the parts of this song (verse, chorus,
bridge), as the structure's pretty unique.   In need of additions
- especially the break before the final verse - and probably some
other changes.

Bb                              C7
Prince or pauper, beggarman or king
Bb                                   C7
Play the game with every flower you bring

Bb                     Gm
Dandelions all tell no lies
Eb                       C7
Dandelions will make you wise
Bb                      Gm
Tell me if she laughs or cries
Eb              C7
Blow away dandelion

1 o'clock, 2 o'clock, 3 o'clock, 4 o'clock, 5
Dandelions don't care about the time
Dandelion don't tell no lies
Dandelion will make you wise
Tell me if she laughs or cries

Subject: Rolling Stones - Dead Flowers

>From RBARRETT@uga.cc.uga.edu

Hello:

I was trying to learn (by ear) the Rolling Stones song 'Dead Flowers' off the

Sticky Fingers cd. I am just learning or trying to learn songs by ear off the

record.

Anyway, I don't have the words but I think the chords go like this:

INTRO -- D   A   G   A

         //// //// //// ////

Verses - D   A   G   A

         //// //// //// ////

```
PreChorus? --  A                                D
               Take me down little Suzie Take me down

               A                                              D
               I know you think you're the queen of the underground

Chorus  ---               G                           D
               And you can send me dead flowers every morning

               G                                  D
               Send me dead flowers through the mail

               G                           D
               Send me dead flowers to my wedding

               G                           A             D
               And I won't forget to put roses on your grave.
```

Well, that is about all I have. If anyone has any corrections..please contribu te. I would like to know.

Thanks,

Richard Barrett

Get Off Of My Cloud

```
       E      A
I live On an aparmtent
        H           A          E     A H A
On the ninty nith floor of my block
And I sit at home lookin' out of the window and
imaginin' the world has a topped

Then in flies a guy
all dressed up like a Union Jack
And says I've won five pounds
if I have this kind of dentergent pack

E   G#m     A         H
Hey you get off of my cloud
D                                  H
Don't hang around, 'cause two's a crowd on my cloud baby !

The telephone is rinin'
I say "Hi it's me, who is there on the line ?"
A voice says "Hi hello
how are you ? Well I guess I am doin' fine"

He says "It's three a.m. there's too much noise
Don't you people want to go to bed"
Just cause you feel so good, do you have to
Drive me  out of my head

CHORUS

I was sick and tired , fed up wth this
and decide to take a drive down town
It was so very quiet and peaceful,
there was nobody, not a soul around.

I laid myself down, I was so tired
and I started to dream
In the morning the perking tickets were just like
flags on my windscreen

CHORUS

>Yup. I'm around. Does anyone know of a good source for the tablature
>music for Gimme Shelter?

No, but here's a recipe -- I got this out of an interview with Keef in
Guitarist a couple of years back:

take one Fender Telecaster
tune to open E (E B E G# B E)
the intro and chorus use C#-B-A-E (9th, 7th, 5th, open)
the verse uses C# (9th fret) and F# (basically, move your
fingers around the 11th and 12th frets)

Listen to it a few times and maybe you'll get a feel for it. But the
open tuning is essential.

```

War children, its just a kiss away, its just a kiss away
War children, its just a kiss away, its just a kiss away
Yeah...

Oh I see the fire is sweeping, out on the streets today
Burn me like a blood red carpet, the fool lost the way

Rape, Murder, its just a kiss away , its just a kiss away
Rape, Murder, its just a kiss away , its just a kiss away
Yeah...

Oh I see the storm is threatening, my very life today
Gimmie gimmie shelter, yeah I'm gonna fade away

Love, sister, its just a shot away, it's just a shot away
Love, sister, its just a shot away, shot away, shot away
War children, its just a kiss away, its just a kiss away
War children, its just a kiss away, its just a kiss away
Rape, Murder, its just a kiss away , its just a kiss away
Rape, Murder, its just a kiss away , its just a kiss away
(Repeat to fade...)

Peace,

>Yup. I'm around. Does anyone know of a good source for the tablature

>music for Gimme Shelter?

No, but here's a recipe -- I got this out of an interview with Keef in

Guitarist a couple of years back:

take one Fender Telecaster

tune to open E (E B E G# B E)

the intro and chorus use C#-B-A-E (9th, 7th, 5th, open)

the verse uses C# (9th fret) and F# (basically, move your

fingers around the 11th and 12th frets)

Listen to it a few times and maybe you'll get a feel for it. But the open tuning is essential.

>From the album `Exile On Main Street`.

This is a Keith riff rocker.
It was cut by Keith, Bobby Keyes (sax) and Jim Price (drums)
whilst waiting for the rest of the band to turn up.

go into open G (take the low E string off) tune to GDGBD
(strings 5,4,3,2,1 respectively) put a capo on the fourth fret
so that open string (00000) will be B.

CHORDS:
B= 00000
B2= 02010
RIFF1 - BASED AROUND `E`
RIFF2 - BASED AROUND `E`
There are 2 riffs in the chorus.

the verse structure is all in B (open strings) and is the normal

rock`n`roll formula but it is adapted to open tuning -

Rolling Stones
"Anybody Seen My Baby"
Tabbed By: Spider1666@aol.com

Song starts of with bass riff:

```
--------------------
--------------------
-0--3--5--7--5--3--0
--------------------
```

Then, the first time you hear the guitar it goes:

```
E---3-----------------------------------------------
B--3-----------------------------------------------
G-0-----------------------------------------------
D-----------------------------------------------
A-----------------------------------------------
E-----------------------------------------------
```

Then there is some picking after that.

right before the chorus you hit the bottom E string open

```
          G  D C Em
Anybody seen my baby
          G   D  C
Anybody Seen Her Around
Love has Gone
      G       E
And Made Me Blind
                           C
I've looked but I just cant Find
                 G  D      C
She has gotten lost in the crowd
```

Right before the verse you do this:

```
E-------------------------------------------------
B--5^*-5-------------------------------------------
G--5^*-5-------------------------------------------
D-------------------------------------------------
A-------------------------------------------------
E-------------------------------------------------
```

You also play that during the verse. Then the
pre-chrous is:

```
E----3---------------------------------------------
B---3---------------------------------------------
G--0---------------------------------------------
D---------------------------------------------
A---------------------------------------------
E---------------------------------------------
```

Do some picking to make it sound like the CD.

The chorus is like the first chorus, with the same chords.
Just put them in were the accent in the music is.

Lyrics:

SHE CONFESSED HER LOVE TO ME
THEN SE VANISHED
ON THE BREEZE
TRYING TO HOLD ON TO THAT
WAS JUST IMPOSSIBLE

SHE WAS MORE THAN BEAUTIFUL
CLOSER TO ETHEREAL
WITH A KIND OF
DOWN TO EARTH FLAVORE

CLOSE MY EYS
IT'S THREE IN THE AFTERNOON
THEN I REALIZE
THAT SHE'S REALLY
GONE FOR GOOD

ANYBODY SEEN MY BABY
ANYBODY SEEN HER AROUND
LOVE HAS GONE
AND MADE ME BLIND
I'VE LOOKED BUT I JUST KAN'T FIND
SHE HAS GOTTEN LOST IN TH CROWD

IWAS FLIPPIN' MAGAZIENS
IN THAT PLACE ON MERCER STREET
WHEN I THOUGHT I SPOTTED HER

GETTING ON A MOTOR BIKE
LOOKING RATHER LADY LIKE

DIDN'T SHE JUST GIVE ME A WAVE?

SALTY TEARS
IT'S THREE IN THE AFTERNOOON
HAS SHE DISAPPEARED
IS SHE REALLY GONE FOR GOOD

ANYBODY SEEN MY BABY
ANYBODY SEEN HER AROUND
IF I JUST CLOSE MY EYS
I REACH OUT
AND TOUCH THE PRIZE
ANY BODY SEEN HER AROUND

(RAP)

ANYBODY SEEN MY BABY
ANYBODY SEEN HER AROUND
IF I JUST CLOSE MY EYES
I REACH OUT
AND TOUCH THE PRIZE
ANYBODY SEEN HER AROUND

LOS, LOST AND NEVERFOUND
IMUST HAVE CALLED HER
A THOUSAND TIMES
SOMETIMES I THINK
SHE'S JUST IN MY IMAGINATION

LOST IN THE CROWD.

This riff twice, before some more g chord and D chord, and then the
end-of-chorus-riff:

E-----------------------------
```

This riff I'm not so sure about.. The glissandos are right, but I think there's supposed to be some more up'n'down..

Keef of course plays the thing differently on the second verse, but I've never bothered to do that.. All the parts that lead up to a different chord can be changed around and altered, and I think that it's mainly this Keith R. does.

A final remark: This is of course not correct, since Keith plays this in open-G-tuning (d-B-G-D-G WITHOUT the 6th string).

If there is enough interest, I can dig out the solo too..

Honkey Tonk Women - Rolling Stones

tabbed by Howard Wright

OK for this one you need to learn the open G tuning

- it was Keith Richards favourite tuning

From low to high it is : D G D G B D

so tune both Es down to D and tune the A down to a G and you've got it

Most of the song can then be played using very simple shapes :

```
 DGDGBD   DGDGBD    DGDGBD    DGDGBD    DGDGBD

I met a gin-soaked barroom queen in Memphis,

VERSE:      C
       The band's on stage
                                  D D  C  G -- 2x's
       And it's one of those nights,
             C                                 D D  C  G -- 2x's
       The drummer thinks that he is dynamite,
       G                           C          D
       You lovely ladies in your leather and lace,
       G                         C        D
       A thousand lips I would love to taste;
       G                        C          D
       I got one heart and it hurts like hell,
        D  D         C   G   D  D  C  G
       If you can't rock me somebody will,
        D  D         C   G   D  D  C  G
       If you can't rock me somebody will.

VERSE: Now who's that black girl in the bright blue hair,
       Now don't you know that it's rude to stare,
       I'm not so green but I'm feeling so fresh,
```

```
       I simply love to put her to the test;
       She's so alive and she's dressed to kill, but
       If you can't rock me somebody will,
       If you can't rock me somebody will,
       If you can't rock me somebody will,
       If you can't rock me somebody will.

       Now I ain't looking for no pretty face, oh no;
       Or for some hooker workin' roughish trade.
       And there ain't nothing like a perfect mate,
       And I ain't looking for no wedding cake;
       But I been talkin' 'bout it much too long,
       I think I better sing just one more song.
       I got one heart and it hurts like hell,
       I'm simply dying for some thrills and spills,
       If you can't rock me, somebody will,}
       Somebody will, somebody will.       }   REPEAT 1,000x's

      I really want to be your friend
      I want to push you when you're up
      And pull you when you're down
      If you really want you to understand me

"In Another Land"
Written by Bill Wyman for the Rolling Stones
Chords by David Goodwin (ME!)
Note: As the song repeats, I'm just giving the first verse/chorus. Oh,
and thanks to www.lyrics.ch for the lyrics.

Intro: C, Bb, Ab, G
C, Bb, Ab, G

```
C    C7     F
In another land
          Ab              Eb        Ab
Where the breeze and the trees and flowers were blue
C           C7        F
I stood and held your hand
        Ab         Eb           Ab
And the grass grew high and the feathers floated by
Ab         D         G
I stood and held your hand
    F             C
And nobody else's hand will ever do
F                C
Nobody else will do
         D
Then I awoke
                       F
Was this some kind of joke?
           D
Much to my surprise
            F        G
I opened my eyes
```

The chords to Jumpin' Jack Flash (as I hear it) are B, D, A, and E.
The opening riff (also, the middle section) is just B-E-D repeated (3 times

for the intro, 4 for in the middle) followed by B strummed a few times.

During the verses, the riff is the simple

```
|-----------------------------------|
|*----------------------------------*|
|-----8--8--------------------------|
|-----9--9--------7-----7-------7---|
|*----9--9----7-9---7-9-----7-9----*|
|-----7--7--------------------------|
```

The chorus is

```
  B        D     A         E
  But it's al----right     now,
                 B
  in fact it's a gas....

  B        D     A
  But it's al----right
  E                        B
```

Jumpin' Jack Flash, it's a gas gas gas!

That's the chord progression. If anyone knows the counter-melody played during the chorus, please post it.

As you might know, Keith Richards plays around with a lot of different tunings. The version of "Jack Flash" from the Rolling Stones Rock N' Roll Circus album is kind of weird. I don't know if Brian Jones is even playing (He was probably stoned out of his mind) But I hear Keith. This version is kind of interesting. The tuning is low to high (E,Bb,E,G#,B,E) or basically an open E chord.
I don't know if this is the counter melody, but here is the song from that record:

Main riff

```
----------------------------------------
--0--0----------------------------------
--x--x------0-2--5---0--2--5---0-2-5---
--7--7------0-2--5---0--2--5---0-2-5---
--7--7------0-2--5---0--2--5---0-2-5---
--7--7------0-2--5---0--2--5---0-2-5---
```

Chorus

```
D                        A              E                    B  (Repeat)
----------------------------7-7--5----0----------------------
----------------------------5-5--5----0-------------------7---
------------------------5-5--5-5--5----0------12--10--12---7---
10-10--12-12----10-----5-5--5-5--5----0------12--10--12---7---
10-10--10-10----10-----5-5--5-5--5----0------12--10--12---7---
10-10--10-10----10-----5-5--5-5--5----0------0---0---0----7---
```

Breakdown

```
B                      E       D       C#    B   (repeat four times)
-----------------------------------------------

Subject: lyrics/chords-- Let It Bleed

A while back there was some talk about the lyrics of "Let it Bleed".

I'm not sure of all the words, but here are the chords for all my fellow

guitar players:

                        Mike Bryant

Let It Bleed

Intro: C-Csus4-C-Csus4-C-F-Fsus4-F-G

```
C                          F
We all need someone we can lean on
           G                          C
And if you want to, you can lean on me
                           F
We all need someone we can lean on
           G                          C
And if you want to, you can lean on me

C                                          F
She said my breasts, they will always be open
G                                     C
You can rest your weary head right on me
                                                    F
And there will always be a space in my parking lot
G                                C
When you need a little coke and sympathy
```

```
C                          F
We all need someone we can cream on
           G                           C
And if you want to, you can cream on me
                           F
We all need someone we can dream on
           G                           C
And if you want to, you can dream on me

C                                          F
I was dreaming of a steel guitar engagement
G                                                  C
Thats when she took my health and sent it Jasmine Tea
                                                 F
And then she knifed me in my dirty filthy basement
G                             C
With that jaded, faded, junky nurse  (Oh what pleasant company)

C                          F
We all need someone we can bleed on
           G                           C
And if you want to, you can bleed on me
                           F
```

```
    We all need someone we can bleed on
               G                          C
    And if you want to, you can bleed on me

    C             F             G
    Take my arms, take my legs, oh baby don't you take my head
    C              F              G                                      C
    Bleed alright, bleed alright, bleed alright, you can bleed all over me
    C              F              G                                        C
    Bleed alright, bleed alright, you can be my rider, you can cum all over me

```
D             A      D             A
I got nasty habits, I take tea at three
            D                A
Yes and the meat I eat for dinner
       D               A
Must be hung up for a week
      D                    A
My best friend he shoots water rats,
      D                A
And feeds them to his geese
  D                       A
Don't ya think there's a place for you
D                A
In between the sheets?

E
Come now, honey,
         G                A
We can build a place for three
E
Come on now honey,
G                          A
Don't ya wanna live with me?

There's a score of hair-brained children
They're all locked in the nursery
They got earphone heads they got dirty necks
They're so 20th century
Well they cue up for the bathroom
'round about 7:35
Don't ya think we need a womans touch to make it come alive??

You'd look good pram pushing,
down the high street
Come on now honey,
```

Don't ya wanna live with me?

(Last verse--no chorus, just keep playing D, A)
Oh, the servants they're so helpful, dear
The cook she is a whore
Yes, The butler has a place for her
behind the pantry door
The maid, she's French, She's got no sense
She's from the Crazy Horse
When she strips, the chauffeur flips
The footman's eyes be crossed

Oh, don't ya think there's a place for us,
Right across the street
Don't ya think there's a place for you,
In between the sheets

The Rolling Stones rendering of this oldie is entirely different. Keith wanted to do this after having got hold of other RJ recordings which he hadn't heard previously, but wanted to add something of the Stones to it. Personally, I think this version stands on it own (IMHO).

It was recorded in G on 'Get you Ya-Ya's out in 12/8 measure. The chords are:

```
[intro]
| G             | Em    C       | G     G7      | D             |
[verse]
| G             | G             | G7            | G7            |

     A                 C                G                   A
And I followed you, across the stars, I looked for you, in seedy bars
```

back to intro

Bridge:

```
D     F         G    F    D
   What are you scared of, baby

D     F         G      F     D
```

```
   It's more than just a dream

D    F    G    F     D   C   A
   I need some time

    C           A
We make a beautiful team

  C            A
A beautiful team

Verse 2: Follow same chords as verse 1

Love is strong, and you're so sweet, and someday babe, we got to meet
Just anywhere, out in the park, out on the street, and in the dark
I followed you, through swirling seas, down darkened woods, with silent
trees.

Love is Strong, and you're so sweet, you make me hard, you make me weak

Back to Bridge

Verse 3: same as verse 1 and verse 2

I wait for you, until the dawn, my mind is ripped, my heart is torn
Love is strong, and you're so sweet, your love is bitter, it's taken neat

Love is strong, yeah...etc.

D:xx0232
C:032010
A:002220
F:133211
G:320003

That's basically all of the song. If you have any corrections or comments
please send them to me or post them. Voodoo Lounge is the only
Rolling Stones album I have. If anybody could tell me
which is their best one, that would be great.

Loving Cup              by Jagger/Richards
~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

D                  C                  G
I'm the man on the mountain, come on up
D                      C                           G
I'm the plowman in the valley with a face full of mud
         C                                        G
Yes I am fumbling and I know my car won't start
         C                                        G
Yes I am stumbling and I know I play a bad guitar

F              C                          G
Give me little drink from your loving cup
F        C                             G
Just one drink and I'll fall down drunk

        [repeat previouss chord pattern]
I'm the man who walks the hillside in the sweet summer sun
I'm the man who brings you roses when you ain't got none
Well, I can run and jump and fish, but I won't fight
You if you want to push and pull with me all night

        [repeat previous chord pattern]
Give me little drink from your loving cup
Just one drink and I'll fall down drunk

Bm        Am                     G                       D
I feel so humble with you tonight just sitting by the fire
Bb
See your face dancing in the flame, feel your mouth kissing me again
Bb                                      D
What a beautiful buzz, what a beautiful buzz
                  C                     G
What a beautiful buzz, what a beautiful buzz
D                        C                        G
Ohhhhh, what a beautiful buzz, what a beautiful buzz

          C                                   G
Yes, I am nitty gritty and my shirt's all torn
            C                                        G
But I would love to spill the beans with you till dawn
```

```
        [repeat previous chord pattern]
Give me little drink from your loving cup
Just one drink and I'll fall down drunk

G
Gimme little drink (repeat a few times...)

D                          C                        G
Ohhhhhh, what a beautiful buzz, what a beautiful buzz (repeat 2 or 3 times..)

Okay! Okay! Your ten thousand and ten thousand more
You want to raise me, you want to raise me? How about this?
Twenty thousand and twenty thousand more
Okay! You want to see me? Well I got, I got a full house
What's that? A royal flush?
Well, ain't that a bust, I'm broke!

VERSE:

Hannah baby was a honey of a girl
Her eyes were hazel, her teeth were slightly curved
She took my guitar and she began to play
She sang a song to me, stuck right in my brain

      Well, she's one of the kind

     G       A     D  G   D  G   D  G
      Got a mind
     D           A           D                  G              D
      She got a mind of her own, yeah, and she use it mighty fine

VERSE:
      She drove her pickup truck, painted green and blue
      The tires were wearin' thin, she's done a mile or two
      When I asked her where's she headed for
      Back up to Boston, I'm singin' in a bar
      I've got to fly today on down to Baton Rouge
      My nerves was shot already, the road ain't all that smooth
      Across in Texas is the rose in San Antone
      I keep on a feelin' that gnawin' in my bone

CHORUS:
      You're just a memory, (just a memory) of a love
      That used to mean so much to me. (just a memory)
      You're just a memory, (just a memory) of a love
      That used to mean so much to me
      (You're just a memory girl)
      You're just a sweet old memory
      And it used to mean so much to me

      Sha-la-la-la,  Sha-la-la-la
      Sha-la-la-la,  Sha-la-la-la

      You're just a memory of a love
      That used to mean so much to me

BREAK:
      She got a mind of her own and she use it well, yeah
      Mighty fine, 'cause she's one of a kind
      She got a mind of her own, she's one of a kind
      And she use it well
```

VERSE:

On the seventh day my eyes were all aglaze
We've been ten thousand miles, we've been in fifteen states
Every woman seem to fade out of my mind
I hit the bottle then I hit the sack and cried
What's all this laughter on the twenty second floor
It's just some friends of mine
And they're bustin' down the door
It's been a lonely night at the Memory Motel

CHORUS:

You're just a memory girl
Just a memory
And it used to mean so much to me
You're just a memory girl
You're just a memory
And it used to mean so much to me
You're just a memory girl
You're just a sweet old memory
And it used to mean so much to me
You're just a memory of a love
                                    D
That used to mean so much to me

BREAK:

```
     G           A           D           G      D      G   D
She got a mind of her own and she use it well, yeah

Well, this is by no means complete TAB, but it's such fun just to play the intro that
I figured I'd post it. Keith probably used some wierd tuning and played it completely
different! You might have to do some muting on that funny chord.

Also, I have no idea what the "real" key is on the record.

In the meantime, here's some other chords to try on that song.

Hope you like them...

In article <9305251706.AA01139@snowhite.cis.uoguelph.ca>, you write:

|> -|--5--5--5--5--5--5--5-----------------------------------------------

Should be:

```
 -|-----------------x---x-----------------------------------------------
 -|-----------------15--14---------------------------------------------
 -|-----------------14--14---------------------------------------------
 -|-----------------14--14--5--7--7--9--9*-7--7--9----------------------
 -|--5--7--7--9--7--xx--xx--5--5--5--5--5--5--5--5----------------------
 -|--5--5--5--5--5--xx--xx-----------------------------------------------
```

*This '9' is sometimes a '5' on the live version.

```
 -|-----x---x-----------------------------------------------
 -|----14--12---7---5---------------------------------------
 -|----14--14---7---5---------------------------------------
 -|----14--14---7---5---------------------------------------
 -|----xx--xx----------5---7---7---9--9---10---10---9-------
 -|----xx--xx----------5---5---5---5--5----5----5---5-------
```

The 'A' chord (you're playing the 1-5-8 version with no 3rd --
not major or minor) is actually two chords, a suspension that
resolves to the major -- played at the 12th fret (drag).

Once it gets to the break, there's the two chord da Daahh da Daahh
stuff... those chords are

```
------------------

------7-----------

------7------5h6--          (Do various riffs here)

------7------5----

---7--5---7--7----

---5--5---5--5----
```

The 5'th fret on the D string is a min 7 interval making the
major a dominant 7. The 5h6 is a hammer-on (gives it that
bluesy feel).

This is the way I play the intro to Midnight Rambler by the
Rolling Stones. This version is in standard tuning. The beat
is a shuffle in 4/4 and although I play the full barre chords I
only hit the strings indicated below.

We love to play the blues.

Monkey Man - Rolling Stones
>From the album 'Let It Bleed'
Written by M. Jagger and K. Richard

Tabbed by Koen van der Drift

Have fun,

- Koen.

Standard tuning (!!!)
Capo at 2nd fret

Intro:

(first four bars omitted)

with a funky feel

```
   C#m7     C#m6      A          C#m    C#m7     C#m6      A     C# riff

|---9----|---9----|---9----|----9-9-|---7----|---6----|---5----|---------|
|--12----|--11----|--10----|----9-9-|---5----|---5----|---5----|---------|
|---9----|---9----|---9----|----9-9-|---6----|---6----|---6----|---------|
|--------|--------|--------|--------|--------|--------|--------|---------|
|--------|--------|--------|--------|--------|--------|--------|---------|
|--------|--------|--------|--------|--------|--------|--------|---------|
```

The C# riff part is written below. It's almost impossible to get the exact notes, since Keith hardly plays two bars the same twice. Just play along with the record to get the right feeling.

```
|-------------------------|
|----6-6--7--7-7-7--7--6--|
|----6-6--6--6-6-6--9--6--|
|----6-6--8--8-8-8--------|
|-/8----------------------|
|-------------------------|
```

The chords in the verse are:

E	E	C# riff	C# riff
E	E	C# riff	C# riff
A	B	C# riff	C# riff
A	B	C# riff	C# riff

The E is played using the following pattern:

```
 E
|----------|
|-8p7--8p7-|
|---7----7-|
|---7----7-|
|---5----5-|
|----------|
```

Remember the capo, so the A can be played as a regular G and the B can be played as a regular A.

The next part is the instrumental after the first two verses. Again, listen to the record to get the timing right! This section was previously published in Guitar World, December 1988 and transcribed by Dave Whitehall.

```
|-------------------------|-------------------------|-------------------------|
|--------6----7--7--7--6--|--7-7---7-------6-6h7-6--|-------6----7-----7-7-6--|
|--4/6---6----6--9--9--6--|--9---9-9---9---6-6---6--|-------6----6-----9-9-6--|
|--4/6---6--6-8-----------|-----------------6h8-6--|----------6-----8--------|
|-------------------------|-------------------------|-7--8--------------------|
|-------------------------|-------------------------|-------------------------|

|-------------------------|-------------------------|-------------------------|
|-6-----6----6--------6---|-----------7----7--7--6--|--6-----6----7-----8--6--|
|-6-----6--6-6-----9--6---|------6----6--9-9--9--6--|--6-----6----------9--6--|
|-------6--6-----8--------|------6--6-8--8-------6--|--6-----6--8-----8----6--|
|-7--8-----------------7-|-7--8--------------------|--7--8-----------------|
|-------------------------|-------------------------|-------------------------|

|-------------------------|-------------------------|
|--6h7----7--6h7---6--6---|--6h7----7--6-6h7-----6--|
|--6------6--6-----7--6---|--6------6--6-6----6--6--|
|--6h8-8--8--6h8-8------8-|--6h8--8----6-6h8--8--6--|
|-------------------------|-------------------------|
|-------------------------|-------------------------|
```

This instrumental part is followed after a while by the next chord progression:

```
 E     B     A     B
```

```
|--4--|--2--|--5--|--2--|
|--5--|--4--|--3--|--4--|
|--4--|--4--|--3--|--4--|   play 4 times
|--2--|--4--|--3--|--4--|
|-----|--2--|--4--|--2--|
|-----|-----|--5--|-----|
```

And then back to the instrumental part, accompanied by Mick`s shouting:

I`M A MONKEEEEYYY-AAAAHHHHH!!!!!

Finally, the lyrics:

I`m a fleabit peanut monkey, all my friends are junkies
That`s not really true.
I`m a cold Italian pizza, I could use a lemon squeezer
What`d you do?
I`ve been bitten, I`ve been tossed around, by every she-rat in this town
Have you, babe?
Well I am just a monkey man, I`m glad you are a monkey woman too!

I was bitten by a boar, I was gouged and I was gored
But I pulled on through.
Yes, I`m a sack of broken eggs, I always have an unmade bed
Don`t you?
Well I hope we`re not too messianic, or a trifle too satanic
We love to play the blues.
But when I am just a monkey man, I`m glad you are a monkey woman too.

[D]There's a new guy in town
He's been dragging around
[G]He's the [A]figure of [D]youth
[D]And his eyes are so blue
And they're looking at you
[G]So [A]tell me the [D]truth

[G]Well, [A]well, he's got [D]stories to [G]tell
[G]He bites off [A]more than he [D]chews
[G]Well, [A]well, is he [D]ringing your [G]bell
[G]My heart is [A]breaking in [D]two

And his skin is so fair
And it shines like his hair
As he stands so aloof
With an indolent air
And an insolent stare
That just shutters the truth

Well, well, is he ringing your bell
My heart is breaking in two
Well, well, he'll be rotting in hell
For playing the devil with you

[Bm]Is it al[G]ready too late
[Bm]No point [G]shutting the gate
[Bm]Have you already [G]swallowed the bait
and you're [A]gone[ring out]

{np}
As he knocks you down cool
As you lose all control
To this slip of a youth
I see fire in his eyes
I see ice in his smile
And I'm learning the truth

Well, well, he's got stories to tell
Of love that is long overdue

Well, well, who is under his spell
Is paying the devil his due

Out Of Time
The Rolling Stones

verse 1
F
You don't know what's going on
C
You've been away for far too long
Bb                                  F
You can't come back and think you are still mine
       Bb
You're out of touch, my baby
   F
My poor discarded baby
        Bb            C                 F
I said, baby, baby, baby, you're out of time
```

```
chorus
      F
Well, baby, baby, baby, you're out of time
        Dm                              Bb
I said, baby, baby, baby, you're out of time
                 F
Yes, you are left out
Bb
Out of there without a doubt
        F             C                 F
'cause, baby, baby, baby, you're out of time

verse 2
A girl who wants to run away
Discovers that she's had her day
It's no good you thinking
that you are still mine
You're out of touch my baby
My poor unfaithful baby
I said baby, baby, baby,
you're out of time

verse 3
You thought you were a clever girl
Giving up your social whirl
But you can't come back
and be the first in line
You're obsolete my baby
My poor old-fashioned baby
I said baby, baby, baby
you're out of time

Hans

Subject: CRD: Paint it Black (Rolling Stones)

Here it is:

  Dm                        A7
                                 I see my red door and I want it painted black

  Dm                        A7
                                 No colors anymore, I want them to turn black

  Dm  C       F        C           Dm
    I see the girls go by, dressed in their summer clothes

  Dm   C       F       C      G               A
                                          I have to turn my head until my darkness goes

And the rest is the same as that.

If you play along with the recording, you'll notice that this is actually
in the wrong key.  The way the Stones did it used these chords for the
fingering, but was capoed up three frets and tuned down a bit, so instead
of being in D minor it was somewhere between E minor and F minor.  Also, I
may have made some slight mistakes with the lyrics, since I'm doing this
from memory.

Play With Fire

```
(Intro) G  D  G  C  Em
Em
Well you got your diamonds
And you got your pretty clothes
And the chauffeur drives your car
You let everybody know,   but

(chorus) G          D                          C
Em
    Don't   Play  with  me,    Cause   you're  playin'  with  fire.

Em
Your mother,   she's  an   heiress
Own's  a block in  Saint John's  woods
And your  father-----rd  be  there with her
If he only could.        but

(chorus),   instr. chorus

Em
Your old man took her diamonds
And tiara's by the score
Now  she gets  her kicks in Steadly
Not in Knights Bridge   anymore,    so

(chorus)

Em
Now you got some diamonds
And you will add some others
But you better watch your step girl
Or start living with you mother,   so,   (chorus  X 2)
```

(I like this old Rolling Stones song, I hope I got all the words correct, maybe some English chaps understand some of the lingo better than I do, but its still a good rather simple song to learn. Try Em variations while strumming to add a little variety to the verses) This song can be heard on "Big Hits" High Tide and Green Grass, Rolling Stones album and earlier works by the Rolling Stones. submitted by John Bryant, jrbryant@sisna.com

Prodigal Son - Rolling Stones
>From the album 'Beggars Banquet'
Traditional

Tabbed by Koen van der Drift

Tune your guitar in open E or open D with a capo at the 2nd position. I prefer the last one, because of the lower string tension, so the strings don't break that easily. The TAB is for open E. Only the basic chord shapes are shown. But this should get you on the way. Remember to listen to the record to get the right groove. The song is very repetitive and once you got the feel, it's very easy!

Have fun,

- Koen.

open E tuning

Intro:

B  |---------------------0---------|
G# |-----------------------1p0-0---|
E  |-3-0---0---0--------------------|
B  |-----3--------------------------|
E  |---------3----------------------|
```

The following two chords are played in a very fast strumming pattern. Do not play all six strings all the time, but damp them with you right hand. Every other bar a little riff is played.

```

Now the singing starts, with the following basic pattern accompanying the singing. The strumming rhythm 'follows' the voice, and I show only the 'chords' played.

```

B  |------------------------|--0--2-----------------------------------|
E  |------------------------|--0--X-----------------------------------|
                             <- the same strumming pattern as above ->

                       Goin' out in this world where God only knows
E  |---0----0------0-|-0--0----------------------------------------|
B  |-----0h2---0h2---|-0--2----------------------------------------|

B  |-----------------|-0--2----------------------------------------|
E  |-0---------------|-0--X----------------------------------------|
                     <-   the same strumming pattern as above   ->

   And that will be the way to get along
E  |-------------------------------------|---0------0------0----|
B  |----(2)------(2)----(3)---(4)--------|------0h2---0h2-------|

Subject: TAB: "Rocks off" by the Rolling Stones

R o c k s o f f
(Jagger-Richards)

Transcribed by: Patrik Lundstrom, patrik.lundstrom@lund.mail.telia.com

About the song: This song is the opening track of the '72 double album
"Exile on Main St."

I know this this isn't exactly how Keith plays it, but this works
quite nice for me anyway. There is no need for the open G tuning
in my version but if you want to you can do so without having to
substitute too much of my tabing. Occasionally I tune down the
A-string to a G which enables me to do Stones chording and still
play lead on the higher strings the way I'm used to. Experiment
yourself. Since the right timing is hard to show in tablature, I
haven't even tried to get it right. Listen to the record and you
will get the feel. Last but not least, I'm not a very accomplished
guitar-player or Stones interpreter but I hope this will help
someone to play one of the greatest songs of all times,

Patrik

I hear you talking when I'm on the street
Your mouth don't move but I can hear you speak
What's the matter with the boy
He don't come around no more
Is he checking out for sure

Is he gonna close the door on me

I'm always hearing voices on the street
I want to shout but I can hardly speak
I was making love last night
To a dancer friend of mine
I can't seem to stay in step
'Cause she come every time she pirouettes over me

But I only get my rocks off when I'm sleeping
I only get my rocks off when I'm dreaming

I'm zipping through the days at lightning speed
Plug in flush out and fire that fucking feed
Heading for the overload
Splattered on a dusty road
Kick me like you kicked before
I can't even feel the pain no more

But I only get my rocks off when I'm sleeping
I only get my rocks off when I'm dreaming

Feel so mesmerized can't describe that scene
Feel so hypnotized all that inside me

The sunshine bores the daylights out of me
Chasing shadows moonlight mystery
Heading for the overload
Splattered on a dusty road
Kick me like you kicked before
I can't even feel the pain no more

But I only get my rocks off when I'm sleeping
I only get my rocks off when I'm dreaming

Undercover - The Rolling Stones Mailing List

Steve,

The fingering I usually use is (in standard tuning) the low 'E' string open on the 2cd fret of the 'A' string.
For the F#, the index finger plays low 'E' string, 2cd fret while
the ring finger gets the 'A' string, 4th fret.
For the G, just move both fingers up one fret: index 'E' string, third fret and ring finger 'A' string, 5th fret.

Since I am primarily a rhythm player, I use a simple strum pattern on the chorus. I usually strike the strike the chord and let it ring for seven beats. Then I strum four sixteenth notes and move on to the next chord.

I hope I'm clear on that...It's kind of hard to describe...

The tab you sent over the list helped me greatly...especially on "Paint it Black". I seem to have alot f trouble copying minor-key songs..
Thanks for the 'G' tuning tip.

OOOPS! I should have added that you need to capo your guitar to the second fret, and play the tab as open strings.

              Em
       She was hot - as I wiped her brow
               D
       She was hot - she pinned me to the ground
               Am
       She was quick - she knew her way around
               C
       She was hot - as she tore my clothes
              Em
       She was hot - she had no place to go
               D                             G
       She was hot - on a cold and rainy night

VERSE:
       Detroit was smokey grey
       Nothing like the good old days
       Well I got a fever that I'm fighting

VERSE:
       I don't need your company
       Leave me in my misery
       I can take the rebound just like lightning

CHORUS:
       And she was hot - in a 50's dress
       She was hot - her lips were flashing red
       I was lost - in her burning flesh
       I was hot - I was dripping sweat
       She was hot - in the Detroit snow
       She was hot - she had no place to go
       She was hot - on a cold and rainy night

INSTRUMENTAL:  SOLO OVER VERSE CHORDS -- 2x's

CHORUS:
```

And she was hot - and I had the blues
She was hot - honey where were you?
If you were in my shoes
You would be excused
She was hot - you can never wait
She was hot - never hesitate
She was hot - on a cold and rainy night

VERSE:
I think I'm going off the rails
Riding down the pleasure trails
I was taking passion where you find it

VERSE:
Honey when you were young and fresh
And you need the touch of your flesh
Go take the treasure where you find it

CHORUS:
And she was hot - in the melted snow
She was hot in the molten glow
She was hot - she got it in the blood
She was hot - like the dam that bursts
She was strong - she was strong and true
She was black - and her eyes were blue
She was lost - and she took a chance
At just a brief romance

CHORUS:
Down the avenue
Into the lost bayou
I nto the tall bamboo
Back to the human zoo
I wish you all the best
I hope we meet again
On a cold Chicago night

CHORUS:
```
          C
She was hot
         Em
She was hot
          D
She was hot hot hot
         Am
She was hot hot hot
          C
```

```
      She was hot hot hot
              Em
      She was hot hot hot
               D
      She was hot hot hot
              Am
      She was hot hot hot
               C
      She was hot hot hot
              Em
      She was hot hot hot

 C                          G
 May the good Lord shine a light on you
 Am         F            C              G
 Make every song you sing your favorite tune
 May the good Lord shine a light on you
 Warm like the evening sun
```

Well, you're in the alley, baby, with your clothes all torn
And your late night friends leave you in the cold gray dawn
Just seemed too many flies on you, I can't brush them off
Angels beating all their wings in time
With smiles on their faces and a gleam right in their eyes
Thought I heard on sigh for you
Come on up, come on up, now, come on up now

SILVER TRAIN By Keith Richards & Mick Jaggar Tabbed by Jamie Mayer

From the ROLLING STONES album GOATS HEAD SOUP, another version can be found on JOHNNY WINTER'S STILL ALIVE AND WELL. Hopefully this can be posted under both as there is really not much to be found under Johnny Winter.

The main riff goes as follows and is played at the beginning and many times throughout

```
e -------------------------3--3--3------------
B-------------------------0--0--0------------
G-----2H4--2-4-2-0----0--0--0------------
D-----0--0--0-0-0-0----0--0--0------------
A-------------------------2--2--2------------
E-------------------------3--3--3------------
```

```
G
Silver train kept a comin, Think I'm gonna get on down, Oh Yeah, Oh Yeah
Silver train kept a comin, Think I'm gonna get on down, Oh Yeah, Oh Yeah
Silver rain kept a fallin, Fallin up around my house, Oh Yeah, Oh Yeah
Silver rain kept a fallin, Fallin up around my house, Oh Yeah, Oh Yeah,  And I

D                       G
did not know her name,  no I

D               G
Did not know her name, but I

C                     D                       G
Sure like the way she left when she called me honey
```

Some of the words are hard to make out and there is a lot more guitar than the riff above but this is basically the song.

Anyone who attempts this one, I would really appreciate your feedback

because I'm tabbing it quickly and I may well have made some mistakes.

I CRDed the whole song because the chords change from verse to verse.

There are of course other little twiddly bits than the 2 fills I've

tabbed, but I'm sure you'll get the picture...

I'm not even going to attempt to tab Ry Cooder's slide guitar for

this- are there any tab conventions for slide?

Some of the sick things that a girl does to a man, so

C#         F#              Ab      C#          F#                  Ab

C#                     Eb                  Ab7              C#

You just never rea-lise
F#
Maybe the choice you made wasn´t really right

I wont soothe whatever fllame, flame, shame

```
      Start me up
      If you start me up
      Gonna start until it's all you got
      I can't complete
      With the honesty a lover keeps
      If you roughet it up
      If you locked me up
      If you start me up

      Ride up the wind at double speed
      I'll take you to place that you'll never say
```

Excuse me any mistake, it's from memory.

Subject: Start Me Up by the Rolling Stones

My first post to this site, so I hope it looks ok :)

As with a lot of Rolling Stones songs, Keith Richards tunes his guitar to an 'open G' (low to high: D,G,D,G,B,D) tuning. The 6th (lowest) string is removed when playing this song. Another more or less trademark of Richards.

```
Intro:                      P          M   M
D----|----------------|----------------|----------------|----------------|
B--5-|:-6-6---------5-|--6-6-5-5-5-6---|----------------|--------3-3-3-5:|
G--5-|--5-5---------5-|--5-5-5-5-5-5-0-|3---3---3---3-3-|----3---3-3-3-5-|
D--5-|:-7-7---------5-|--7-7-5-5-5-7-0-|3---5---3---5-3-|--3-5-3-3-3-3-5:|
G--5-|--------------5-|--5-5-5-5-5-5-0-|3---3---3-3---3-|--3-3-3-------5-|
```

That repeats a few times up until the Chorus. Here is the Chorus

```
Chorus:
  *
D-5-|----------------|---------------------------------|----------------|
B-5-|----5---5-------|--10----10--10--10--------------|----5---5-------|
G-5-|----5---5-7-7/10|--10----10--10--10--8---7---5---|----5---5-7-7/10|
D-5-|----5---5-7-7/10|--10----10--10--10--8---7---5---|----5---5-7-7/10|
G-5-|----5---5-7-7/10|--10----10--10--10--8---7---5---|----5---5-7-7/10|

D |-------------------------------|
```

```
B |10------10--10--10--------------|
G |10------10--10--10--8---7---5---|
D |10------10--10--10--8---7---5---|
G |10------10--10--10--8---7---5---|
```

* = This chord is not really played. You already played it (the last chord in the intro) The chord is just carried into the chorus.

Note that I have also not tabbed in the lowest string.

P = pull-off.
M = muted note.
/ = slide up.
: = repeat.

Any probs, feel free to mail me.

Have fun :)
Mike.

Subject: Stray Cat Blues Lyrics

Someone had asked for the lyrics to "Stray Cat Blues" by the Rolling Stones.

This is as near as I can figure out:

I hear the click-clack of your feet on the stairs,
I know your loping stride, babe.

I'll be a beast if you just come up stairs, but
It's no hanging matter
It's no capital crime.

And I can see that you're just fifteen years old
But I don't want your ID
Don't look so scared, I'm not not hair-brained bear

And it's no hangin matter
It's no capital crime

CHORUS
Oh yeah, you're a strange stray cat, oh yeah,
Won't you scratch my back, oh yeah,
You're a strange stray cat, I bet,
I bet your mama don't know that you bite like that
I bet your mama don't know that you spit like that

You've got a friend, you say she's wilder than you
Why don't you bring her upstairs?
If she's so wild then she can join in, too--
It's no hangin' matter,
It ain't no capital crime

CHORUS

You're alone so far from home,
But you don't really miss your mother
I've been so many times all all alone

But it ain't no hangin' matter
It ain't no capital crime

CHORUS

But what can a poor boy do

  G                        Gsus9

G      Gsus9  G                            Gsus9 G
Cos in sleepy London town there's just no place  for

       Sweethearts together
             C
       We've only just begun
      G
       Sweethearts together
              C
       We'll take life as it comes
      G
       Sweethearts forever

       Two hearts together as one
```

       Everybody needs someone to tell their troubles to
            G
       To share the pain and laughter
              C
       In a world beset with fools
           G
       To help you with your ups and downs
          C
       Someone to heal your wounds
```

CHORUS:
So we're sweethearts together
When two hearts beat as one
Sweethearts together
We've only just begun
Sweethearts forever
Two hearts together as one
As one

VERSE:
Everyone so cynical and says that love won't last
Think about your future stop living in the past
Time's not standing still
So stop looking through those tinted glasses

CHORUS:
Sweethearts together we've only just begun
Sweethearts together
So glad I found someone
Sweethearts forever
Two hearts together as one
As one

INSTRUMENTAL: PLAY CHORDS TO CHORUS

VERSE:
But love is never easy
It's never silky smooth
There's always something tempting
In the wilderness of youth
But I will stay right by your side
The truth will out, you'll realise
We're

CHORUS:
Sweethearts together we've only just begun
Sweethearts together
So glad I found someone
Sweethearts forever
Two hearts together as one

Sympathy for the devil by Rolling Stones

Please allow me to introduce myself, I'm a man of wealth and taste
I've been around for long, long years I've stolen many a man's soul and faith
I was around when Jesus Christ had His moments of doubt and pain
I made damn sure that Pilate washed his hands and sealed his fate
Pleased to meet you, hope you guess my name, but what's puzzling you, is the nature of my gameŽ

I stuck around St. Petersburg when I saw it was time for a change
I killed the Tzar and his ministers, Anastasia screamed in vain
I rode a tank, held a gen'ral's rank, when the blitzkrieg raged and the bodies stank
Pleased to meet you, hope you guess my name, but what's puzzling you, is the nature of my gameŽ

I watched with glee while your kings and queens, fought for ten decades for the gods they made
I shouted out "Who killed the Kennedys?", when after all it was you and me
So let me please introduce myself, I am a man of wealth and taste
And I lay traps for troubadours, who get killed before they reach Bombay
Pleased to meet you, hope you guess my name, but what's puzzling you, is the nature of my gameŽ

Pleased to meet you, hope you guess my name, but what's confusing you, is just the nature of my gameŽ

Just as every cop is criminal, and all the sinners, Saints
As heads is tails, just call me Lucifer, 'cause I'm in need of some restraint

So if you meet me, have some courtesy, have some sympathy and some taste
Use all your well-learned politesse, or I'll lay your soul to waste
Pleased to meet you, hope you guess my name, but what's puzzling you, is the
nature of my gameŽ

Hey is this the right chord placement for this song. I am just
going off from what I heard on the radio the other day. I don't have
a recording of the song.

Please make corrections if there are any.

Thanks guys.....

This is my first attempt at tabbing/chording of an entire song, so it's
not quite the whole thing. Anyway, it should help.

Here's a somewhat obscure Stones song, from December's Children

The Singer, Not The Song
(Jagger,Richards)

```
 B                    Abm7
Ev'rywhere you walk I always go

 B                        Abm7       C#m
I'm always giving you the things you know

 F#7      B             B7             E        F#
Just say so 'cause you gave me that feeling inside

       B              Abm
But I know I must be right

         C#m7   F#7   C#m7   F#7  B
It's the sing -  er   not    the  song.

 B                           Abm7
It's not the way you give in willingly

 B                        Abm7       C#m
Others do it without      thrilling  me

 F#7      B             B7       E        F#
Kissing  me       that same old feeling inside

       B              Abm
But I know I must be right

         C#m7   F#7   C#m7   F#7  B
It's the sing -  er   not    the  song.

 B                          Abm7
The same old places and the same old song

 B                          Abm7       C#m
We've been going there for much too    long
```

```
 F#7      B                      B7             E        F#
There's something wrong and it gives me that feeling inside

The Spider and the Fly by the Rolling Stones
from the album, ^ÓStripped^Ô, 1996.
Words and music by M. Jagger and K. Richards(whoever they are)
transcribed and submitted by Vance Augustine

The song is pretty simple. It^Òs your basic 3 chord blues. What really
makes the song is the
little walking riff they do with the guitars. On every E7 chord play it
like this

```
E--0---------0----------0------------0----------0----------0----------0-
B--0---------0----------0------------0----------0----------0----------0-
G--1---------2----------4------------2----------1----------2----------4-
D--0---------0----------0------------0----------0----------0----------0-
A--2---------4----------5------------4----------2----------4----------5-
E--0---------0----------0------------0----------0----------0----------0-
```

Hit each chord form on the beat, hold the last one for two beats

Then on the A7 drop down to this

```
E--0----------0----------0----------0----------0----------0----------0--
B--2----------3----------5----------3----------2----------3----------5--
G--0----------0----------0----------0----------0----------0----------0--
D--2----------4----------5----------4----------2----------4----------5--
```

```
A--0----------0----------0----------0----------0----------0----------0----------0--
E--x----------x----------x----------x----------x----------x----------x----------x-
```

Put it all together and it goes like this:

(intro) E7 riff twice

```
E7   riff
Sittin^Ò thinkin^Ò sinkin^Ò drinkin^Ò

E7   riff
Wondering what I^Òll do when I^Òm thru tonight

A7   riff
Smokin^Ò mopin^Ò maybe just hopin^Ò

E7    riff
Some little girl will pass on by

B7                              A7
I don^Òt  wanna be alone     But I love my girl at home

E7   riff                                C7 B7
I remember what she said

E7   riff
She said, ^ÓMy, my, my   don^Òt tell lies!

E7   riff
Keep fidelity in your head!

A7   riff
My,  my,  my,  Don^Òt tell lies

E7  riff
When you^Òve done your show hit the bed

B7                                  A7
Don^Òt say  ^ÓHi^Ô,   like a spider to a fly

E7   riff                                            C7 B7
Jump right ahead and your dead!

Sit up, fed up, low down, go round
Down to the bar at the place I^Òm at
Sittin^Ò, drinkin^Ò,  superficially thinkin^Ò
about the rinsed out blonde on my left
and then I said ^ÓHi^Ò, like a spider to a fly
Remembering what my little girl said
```

(harmonica solo)

she was spiffy, shifty
she looked about fifty
I would have run away but I was on my own
She told me later she was a machine operator
she said she liked the way I held the microphone
I said, ^ÓMy, my, my, like a spider to a fly
Jump right ahead in my web!^Ô

Subject: CRD: Rolling Stones - The Worst

This is from Voodoo Lounge, the new album

[Article crossposted from alt.rock-n-roll.stones]
[Author was Koen v.d. Drift]
[Posted on Fri, 15 Jul 1994 06:58:12 GMT]

I just could¹t resist. I put down the chords for The Worst. It¹s so simple
and beautiful. All chords are open chords in normal tuning, so no barres.
D(Fis) means D with F-sharp as bass note: curl your thumb around the neck
to string the Fis on the E-string. I left out the lyrics, but just play
along with the record, and you¹ll understand it.

Intro:
| D | A | D(Fis) | A | D | A | E |

Verse:
| D | G | D | A | D(Fis) | G | A | E |
| D | G | D | A | D(Fis) | G | A | E |

Refrain:
| A | D | A | D | A | D | A | G |

Enjoy,

Koen.

Rolling Stones- The Worst
NO

TES: sounds best on a 12 string acoustic; figure out the pedal steel
stuff for yourself! Play the F# on the low E with your thumb.
G5 is played (from low to high) 3X0033
I would appreciate it if someone would put the CRDs above the
words for me; every time I try, the editor screws up the placement.
(it probably won't print the CRD names above the tab in the
right place, either)
send comments to me, Steve Campbell (sac772@uxa.cso.uiuc.edu)

LYRICS:

I said from the first

I am the worst kind of guy

For you to be around

Tear me apart

Including this old heart

That is true

And will never ever let you down

You shouldn't stick with me

You trust me too much, you see

Take all the pain

It's yours anyway

Yeah, kid...

Oh, put the blame on me

You ought to pass, you see

somewhere outside

I threw love aside

And now its a tragedy

I said from the first

I am the worst kind of guy

For you to be around

Its played as normal chords rather than barre chords and the `d`
chords will often have a `sus4` or is played with 2 fingers
(ignoring the finger placement on the e string-i think its called
an add2)but more often than not it is just a straight `d`

I'm just waiting on a friend,   just waiting on a friend

(instrumental for 16 bars, just alternating F and C, one measure each, and soloing away, then return to "$" for the last two verses)

3. Don't need a whore, don't need now booze,
   don't need a virgin priest.
   But I need some one I can cry to,
   I need someone to protect.

4. Ooh, making love and breaking hearts,
    It is a game for youth.
    But I'm not waiting on a lady,
    I'm just waiting on a friend.

(repeat bridge, fade instrumental...)

This song is excellent fun to play... hope the notation is not too cryptic. Don't forget to emphasize the "C" bass note in the intro and bridge...

Here's another hint to help you get that strummed melody at the beginning:

I don't know the whole song, but I know some bits. Here's the
opening:

  C(add9)  F
--0-0-0-0--1-----1--------
--3-3-3-3--1-----1--------
--0-0-0-0--2-----2--------
--2-2-2-2--3--x--3--3-----
--3-3-3-3-------------2-3-
```

```
--------------------------
```

8 times

(I haven't figured out the verse yet)

This part is in the bridge, after "I'm just standing in a doorway", and after "I'm just trying to make some sense":

```
  C(Add9) C
--0-0-0---0-
--3-3-3---1-
--0-0-0---0-
--2-2-2---2-
--3-3-3---3-
------------
```

I hope this is a good start. I play along with the tape, and it sounds accurate.....maybe with a couple transfusions I could figure out the rest :)

Where the boys go, Saturday night
 B                      E        B
Where the boys all go
```

VERSE:

Saturday morning you can see me down the pub
And I'm pissing away me money and I can't stand up
Cab fare, pop? You look silly in the road
Get in everybody, where the boys all go!

BREAK:

 A     D/E                          B
Hey!!! Never keep a secret from meeeeeeeeeeeee

VERSE:

Hey girls, what you doin' tonight?
Now do you want to dance, or do you want to bite?
Look here, darlin, I know the score
Paint your face, dye your hair, I'll see you round the back!

BREAK:

From: cscsj@lux.latrobe.edu.au (Junacko)

The original version of this is 3 guitars.

Acoustic 1 ("Nashville tuning"- low 3 strings an octave up)

   this is the one which starts the song off, there are no bass

   strings which gives it that high sound. After the intro it

   mainly plays harmonics

Acoustic 2 (Open G- D G D G B D)

   this is the main acoustic throughout the song. If I get some

   requests I will put this part down.

Electric 3 (Standard tuning)

   this is Mick Taylor's classic backing and superb solo. If I get

   lots of requests I might summon the energy to tab the solo, if

   I get hundreds I might even tab the whole part.

For now, I will just do CRD. Despite having 3 guitars on the original

recording, this one sounds surprisingly full with just 1 acoustic

(standard tuning) and voice.

Or off-stage lines,
Can make me feel bitter,

C6	x35555	Am9	575587	Ci	x32010

Giii 7 10 9 7 8 7

In the third verse, you can replace the Am7 with an Am9. (Although now that I listen to it, I think the ninth is actually coming from the lead guitar. But it still sounds nice to use Am9 for a little variety, especially with only one guitar)

I would appreciate any suggestions or corrections.

Wild Horses

by The Rolling Stones
transcription by: Ken Friedson and Ed Finegold

Intro:
There are two guitar parts at the intro.
The rhythm is the same as the verse,
the lead is built off of the Bm pentatonic, the notes are:

(fret/string)
10/1,8/1,7/1,5/1

Listen to it, it'll take about two seconds to figure it out.

Verse 1:

Bm     G      Bm         G
I heard living is easy to do

Am          C     D  G                    D     C
the pains you wanted, I bought them for you

note: the D and the last C are transitional chords, a quick
      down-up-down-up and then change to the next chord
```

```
Bm        G    Bm          G
Graceless lady, you know I am

Am              C       D G                D
You know I can't let you, slide through my hands

Chorus:

Am   C     D G        F        C   D
Wild Horses, couldn't drag me away

Am   C     D G        F        C
Wild Horses, couldn't drag me away

(again those D chords are transitional)

Verse 2:

Bm            G       Bm            G
I watched you suffer, a dull aching pain

Am           C    D G               D    C
Now you've decided, to show me the same

Bm             G      Bm             G
Those sweeping exits, whoa off stage lines

Am              C      D G               D
could make me be bitter, and treat you unkind

Chorus

Verse 3:

Bm       G           Bm          G
I know I dreamed you, a sin and a lie

Am       C       D G                    D     C
I have my freedom, but I don't have much time

Bm            G        Bm           G
Faith has been broken, tears must be cried

Am           C      D G          D
Let's do some living, after we die

Chorus
last line sung as:
```

```
Wild horses, I'm gonna ride them some day

Either fade it out or end with a: D(transitional) G

Note: A quick listen to the album will show you what I mean
      about those transitional chords. Also, I did my best to
      show where the changes fall, but as you play it you'll
      get the nuances. Some of the changes just hang a bit longer
      than others.

There are like 3 acoustic tracks plus more electric here so you can play just about any voicing of these chords and the notes are probably in there somewhere.

```
the turnaround back into verse is (X320XX) (X540XX)

NOW for the 2nd guitar part during the CHORUS:

I'm going to butcher the time but listen carefully to the song and
you will get it. note the interesting syncopation though (tricky)

Play on high 2 strings:
                              Wild...
12-12-12-12|  eighth note each 10-10-10-10    1 sixteenth note each

10--12-12-12-12        12-12-12-12

          Couldn't......AWAY
8---7-8---10--7-8---10--7--3--3--3--3-

                        0--0--0--0--0- (G string played open)

Good luck with my strange rhythmic notating.

From: John Blair

You Can't Always Get What You Want
Rolling Stones

The sounding chords are C(add9), F, and D.

For the "Hot Rocks 1964-1971" version,
Keith uses open E tuning (EBEG#Be)
(Thanks to Larry Kaye for this info.)

```
Open E tuning (capo 8)
        E B E G#B e
        + + + + + +
(C) E:  0 0 2 0 0 0
(F) A:  0 2 0 1 2 0 (occasionally hammering the 5th string)
(D) F#: 2 2 2 2 2 2
```

In the Steel Wheels tour he uses his trusty
5-string-open-G-tuned Telecaster. (Obviously
Keith's a closet banjo player. Gee...wouldn't
an electric banjo version of "Honkey Tonk
Women" be interesting. But I digress...)

```
(Note: Keith doesn't have the 6th (bass) string)
Open G tuning (capo 5)
        DGDGBd
        ++++++
(C) G:  000000 (000200 for add9)
(F) C:  002010 or sometimes 002012
               (occasionally hammering the 4th string)
               (sometimes he'll quickly slide up to
                and back or just down from 004030)
(D) A:  222222
```

In the 1968 video "Rock and Roll Circus" Keith plays
the entire set (including "Jumping Jack Flash" which
he now plays in open G, and "You Can't Always Get
What You Want") in standard tuning without a capo.

I'm not really sure how he's playing it in the video,
but it looks/sounds like he's barring 8-10-12-9-8-8
for the Cadd9.

Though Keith doesn't play it this way, if you don't
want to bother going to open tuning, the following
is easy to play and very close to the same sound:

Standard tuning (capo 5)
```
        EADGBe
        ++++++
(C) G:  320003 (300203 for add9)
(F) C:  032013 (occasionally hammering the 4th string)
(D) A:  002220
```

After all that, the song itself is just pounding out
the chords:

```
C F C F...
  C                     F
I saw her today at the reception
  C                   F
A glass of wine in her hand
  C                               F
I knew she was gonna meet her connection
       C                     F
At her feet was a footloose man

Chorus:
    C                          F
You can't always get what you want
    C                          F
You can't always get what you want
    C                          F
You can't always get what you want
           D
But if you try sometimes,
  F
You might find
                 C              F    C       F
You get what you need...   ahhhhhhh, yeah.....
```

I went down to the demonstration,
To get my fair share of abuse.
Singing "we're gonna vent our frustration,
And if we don't we're gonna blow a 50-amp fuse."

You can't always get what you want,
You can't always get what you want,
You can't always get what you want,
But if you try sometimes well you might find

You'll get what you need.

I went down to the Chelsea drugstore
To get your prescription filled.
I was standing in line with Mr. Jimmy,
And man, did he look pretty ill.
We decided that we would have a soda,
My favorite flavor, cherry red.
I sung my song to Mr. Jimmy,
And he said one word to me, and that was "dead,"
I said to him:

You can't always get what you want,
You can't always get what you want,
You can't always get what you want,
But if you try sometimes you just might find
You'll get what you need, ...oh yes

[instrumental]
You'll get what you need--yeah, oh baby.

I saw her today at the reception,
In her glass was a bleeding man.
She was practiced at the art of deception,
Well I could tell by her bloodstained hands.

You can't always get what you want,
You can't always get what you want,
You can't always get what you want,
But if you try sometimes you just might find
You just might find
You'll get what you need.

You can't always get what you want,
You can't always get what you want,
You can't always get what you want,
But if you try sometimes you just might find
You just might find
You'll get what you need.

Subject: TAB: Rolling Stones, "You Can't Always Get What You Want"

(upgrade--much more complete fuller version than what's on OLGA now)

YOU CAN'T ALWAYS GET WHAT YOU WANT
(Jagger-Richards)

Original studio recording:
Rolling Stones, "Let It Bleed" album (London Records, 1969)
(also on a single, edited--minus 2nd verse, 3rd verse cut in half)

Main rhythm guitar: acoustic in OPEN E TUNING, CAPO 8!
(Once you figure that out the rest isn't too hard)

tempo: medium ballad--about 104 b.p.m.

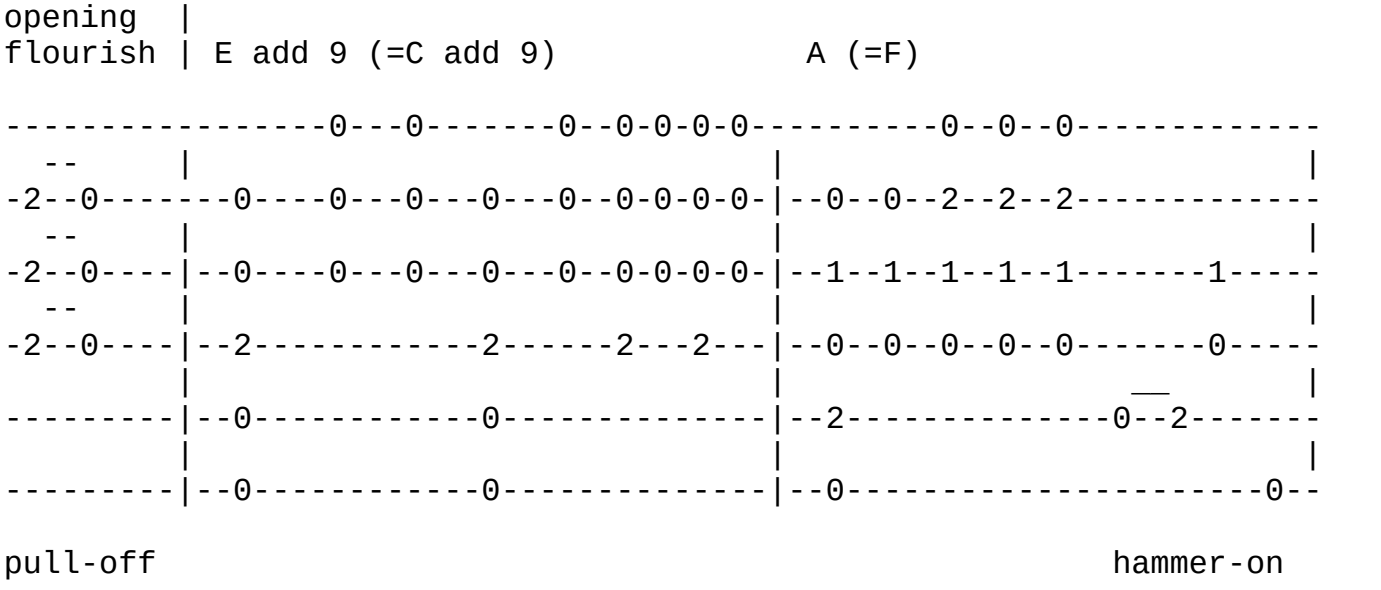
E tuning, low to high: E, B, E, G#, B, E

Chords: () = chord with capo

	E	B	E	G#	B	E	
E add 9	0	0	2	0	0	0	(C add 9) (or call it "add 2"?)
A	0	2	0	1	2	0	(F)
F#	2	2	2	2	2	2	(D)
E	0	0	0	0	0	0	(C)
F#sus	2	2	2	3	2	2	(Dsus)
B7sus	x	2	1	0	0	0	(G7sus)

(Note: unwilling to tune up to open E? Tuning to open D instead? You'll find this hard to play (capo 10) unless you've got a cut-away.
I suggest tuning to open E-flat instead (1/2 step/one fret down from E, 1 up from D) it doesn't put undue strain on the neck and you won't break the G string--it stays G. The you can capo 9 and get to open C, or if that's still hard to finger, capo to 8 and play it in B)

This song is built around the following 2 bar lick:



this pattern repeats throughout the song
with slight (mostly rhythmic) variations--listen to recording for rhythm

---

Full structure: lyrics, chords--in capoed tone, measures (|)

(Opening: choir sings 1st verse, chorus)

C add9 | F x 4, with French horn intro.

Verse:
```
  | C add 9                  | F
I saw her today at the reception,
| C add 9                   | F
a glass of wine in her hand
  | C add 9                       | F
I knew she was gonna meet her connection,
       | C add 9               | F
at her feet was a footloose man
```

Chorus:
```
    | C add 9                  | F
You can't always get what you wa-ant       x 3
           | D  (see fill #1 below) | F                    | C    | F
but if you try sometimes, you might find, you get what you need
```

Verse 2:
I went down to the demonstration, to get my fair share of abuse
Singing, "we're gonna vent our frustration,
if we don't we're gonna blow a 50 amp fuse"

Chorus

Verse 3 (add 4 extra C add 9, F's--twice as long):

I went down to the Chelsea Drug Store, to get your prescription filled
I was standing in line with Mr. Jimmy, and man did he look pretty ill
We decided we would have a soda, my favorite flavor--cherry red
I sung my song to Mr. Jimmy,
and he said one word to me and that was "dead"

I said to him...
Chorus

Interlude, with brief electric solo and choir:

Dsus| C | F | Dsus| G7sus| then an instrumental chorus with last line sung

(If you don't have a choir handy--I seem to have misplaced mine right at the moment--or a lead guitarist, try changing the rhythm to rapid strumming)

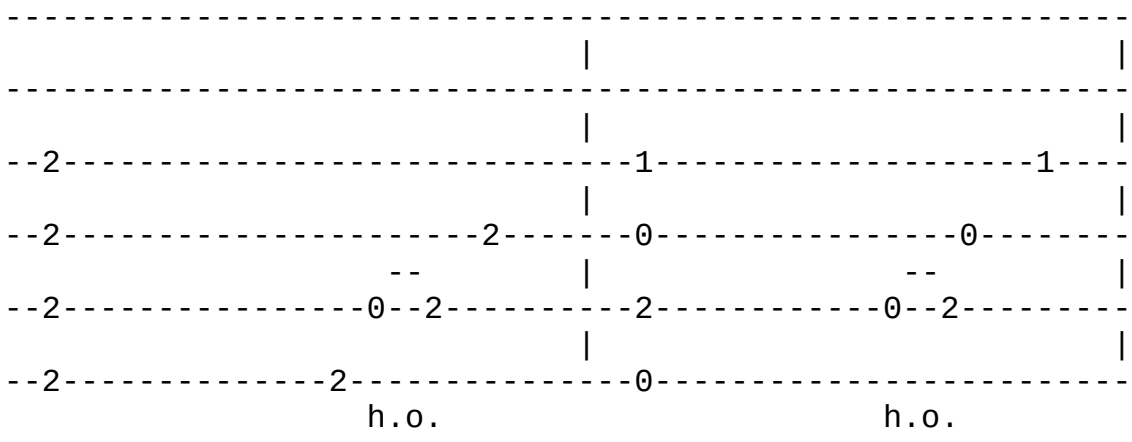
Verse 4: (back to standard pattern/rhythm)

I saw her today at the reception, in her glass was a bleeding man
She was practiced at the art of deception,
I could tell by her bloodstained hands

Chorus 3 times, then repeat and fade on C add 9, F with choir

_____

Fill #1, last line of chorus, first time only:



Electric for lead is in standard tuning, using C7 scale
play 8th fret C, F barre chords during chorus

_____

Notes: Chelsea Drug is (was) a real drug store in south London--rock musician, fan and junkie hang-out in 60's, 70's, 80's, maybe still.
Mr. Jimmy is clearly Jimi Hendrix

Enjoy!

You Got The Silver - Rolling Stones
>From the album 'Let It Bleed'
Written by M. Jagger and K. Richard

Tabbed by Koen van der Drift

This is a transcription of the main acoustic guitar part. I wrote this because the current version at `OLGA` - mistakenly called `You Got The Sliver` is far from accurate and contains chords of which I, and probably the Stones also, have never heard of.

Comments and suggestions are welcome.

Have fun,

- Koen.

Open D tuning
Capo at 3rd

Almost the whole song is based on two chords, an F and a Bb:

```
    F  Bb
D |-3---3-|
A |-3---5-|
F#|-3---4-|
D |-3---3-|
A |-3---5-|
D |-3---3-|
```

The capo is at the third fret, and you can alternate between these chords by hammering-on and pulling-off the Bb chord. I give some examples how this is done during the first verse, but it shouldn't be that difficiult to find out what is played during the other verses. The Bb can also be played by sliding up to the 8th position. The intro, the turnaround, the break and the outtro are different, and they are tabbed as well.

Intro (play with slide):

Hey babe, what`s in your eyes

I saw them flashing, like airplane lights

You fill my cup babe, that`s for sure
                Bb                    [turnaround]
But I must come back, for a little more

You got my heart, you got my soul
You got the silver, you got the gold
You got the diamonds, from the mines
And that`s all right, it`ll buy some time - [break]

| F - Bb | - [turnaround]

Tell me honey, what should I do
When I am hungry, and thirsty too
Feeling foolish, and that`s for sure
Just waiting here, at your kitchen door

Hey baby, what`s in your eyes
Is that the diamonds, from the mines
What`s that laughing, in your smile
I don`t care, no I don`t care

Oh baby, you got the soul
You got the silver, you got the gold
```

A flash of love, just made me blind
I don`t care, no that`s no big surprise - [outtro]
