1. I made you lone-ly and I made you blue
2. If I come ov-er to your house to-night

It was'nt ver-y hard to do
Oh will you hug and hold me tight

And now I know you won't be-lieve me dear
I broke your heart I know but don't break mine

When I say I love you
Then ev'ry-thing's al - right

I on-ly hope that you'll come back to me
I say I'm sor-ry but you don't be-lieve

Oh-wow-how hap-py we would be
I doubt if ev-er we should part

3rd Verse.

I made you lonely and I made you blue
 You thought I didn't really care
 And when I say I'm still in love with you
 You won't believe me dear.
 I only hope that you'll come back some day
 Back home forever then you'll see
 How much I'm sorry that I hurt you so
 And then how happy we could be
 If you'll accept my kisses and my pleas
 I'm down a-beggin' on my knees,
 I'm down a-beggin' on my knees.
