2. No pride in bein' a shaker
Work it out on the floor
This rythm shows no favor
Better check your ego at the door
Just let me be the leader
Keep your eyes on checkin' me
You won't need to take a breather
Sliding into motion naturally

Don't let your body miss a beat
Don't be slakin'
If you're keepin' up with me
You'll be trackin'
Listen baby
