First system of musical notation for 'The Wind' by The Beatles. The notation includes a treble clef, a key signature of one flat (B-flat), and a 4/4 time signature. The melody is written on a single staff. Chords F, C/E, G, G⁶, G, and C are indicated above the staff. Below the staff is a four-line tablature with fret numbers (0-3) and an 'X' for a barre.

GUITAR TABLATURE EXPLAINED

Guitar music can be notated in three different ways: on a musical stave, in tablature, and in rhythm slashes.

RHYTHM SLASHES: are written above the stave. Strum chords in the rhythm indicated. Round noteheads indicate single notes.

THE MUSICAL STAVE: shows pitches and rhythms and is divided by lines into bars. Pitches are named after the first seven letters of the alphabet.

TABLATURE: graphically represents the guitar fingerboard. Each horizontal line represents a string, and each number represents a fret.

Notes:

Strings:

4th string, 2nd fret 1st & 2nd strings open, played together Open D chord

Definitions for special guitar notation

SEMI-TONE BEND: Strike the note and bend up a semi-tone ($\frac{1}{2}$ step).

WHOLE-TONE BEND: Strike the note and bend up a whole-tone (full step).

GRACE NOTE BEND: Strike the note and bend as indicated. Play the first note as quickly as possible.

QUARTER-TONE BEND: Strike the note and bend up a $\frac{1}{4}$ step.

BEND & RELEASE: Strike the note and bend up as indicated, then release back to the original note.

COMPOUND BEND & RELEASE: Strike the note and bend up and down in the rhythm indicated.

PRE-BEND: Bend the note as indicated, then strike it.

PRE-BEND & RELEASE: Bend the note as indicated. Strike it and release the note back to the original pitch.

HAMMER-ON: Strike the first note with one finger, then sound the second note (on the same string) with another finger by fretting it without picking.

PULL-OFF: Place both fingers on the note to be sounded, strike the first note and without picking, pull the finger off to sound the second note.

LEGATO SLIDE (GLISS): Strike the first note and then slide the same fret-hand finger up or down to the second note. The second note is not struck.

MUFFLED STRINGS: A percussive sound is produced by laying the first hand across the string(s) without depressing, and striking them with the pick hand.

NATURAL HARMONIC: Strike the note while the fret-hand lightly touches the string directly over the fret indicated.

PICK SCRAPE: The edge of the pick is rubbed down (or up) the string, producing a scratchy sound.

PALM MUTING: The note is partially muted by the pick hand lightly touching the string(s) just before the bridge.

SHIFT SLIDE (GLISS & RESTRIKE) Same as legato slide, except the second note is struck.
